15th January 2026

Dear Year 11 parents,

RE: IGCSE to Pre-U and IB

I would like to take this opportunity to remind you of the upcoming IB Information Morning. During this session, we will outline the different IB Pathways which are offered at ISB, why we believe the IB Pathways are the best preparation for university and beyond, and the next stages of planning for your child's learning journey.

Please use this [link](#) to register for this event, or scan the QR code in the accompanying poster:

Details:

- **Date:** Friday 23rd January 2026
- **Time:** 7.30am
- **Venue:** ISB Theatre

I would also like to highlight another IB information event on the afternoon of Wednesday 11th February. This session will be more specific on the IB Option process. In this session, I will go through the option process and the support that we will be providing students in making the right choices for them. There will also be a subject fair, where you and your child will be able to talk to faculty heads and subject leaders about specific aspects of subject syllabi at IB. Following this, you will then have the opportunity to discuss IGCSE progress and IB options with subject teachers at the Parent Teacher Meetings. A sign-up link for this will follow nearer the time.

We look forward to seeing you and these upcoming events.

Kind Regards,

Richard Edwards
